

TOPIC 2.3

The realities of city living STREET LIFE

1. How clean and safe were Roman streets?

Our hypothesis:

.....

The evidence suggests that the streets were...

Extremely clean and safe

Extremely dirty and dangerous

I am **certain** that... / I think it is **probably** the case that... / I think it is **possibly** the case that the streets were...

This is because...

2. What kind of activities were the streets used for?

Our hypothesis:

.....

Overall I think that the streets were...

Mostly about making money

Mostly to do with living

I am **certain** that... / I think it is **probably** the case that... / I think it is **possibly** the case that the streets were...

This is because...

TOPIC 2.3

The realities of city living STREET LIFE

3. Who were the streets for?

Our hypothesis:

The evidence suggests that the streets were...

Really for the rich

Really for the everyone else

I am **certain** that... / I think it is **probably** the case that... / I think it is **possibly** the case that the streets were...

This is because...

Conclusion

Overall I think that the streets of Pompeii were...

crowded / quiet

safe / dangerous / scary

boring / interesting

bustling / calm

friendly / threatening

ordered / chaotic

divided / shared

clean / dirty

I think this because...
